BILL SUMMARY:

Senate Bill 388 would delete the requirement that the injury must be caused by radiation exposure and the limitation on the length of time the vocational rehabilitation training may be offered for an employee who is injured due to radiation exposure.

EXPLANATION OF IMPACT:

Workers' Compensation Commission

The Commission reports this Bill will have no impact on the General Fund of the State or on Federal and/or Other Funds.

State Accident Fund

The Fund estimates this Bill will increase workers' compensation claims costs that will translate into an increase in premiums (paid by governmental entities) due to an expansion of benefits. Premiums are paid by state agencies from State General Funds as well as Federal and Other Funds. The specific costs are difficult to estimate due to a number of other factors that impact the ultimate cost of workers' compensation claims.

Second Injury Fund

The Fund reports this Bill may have a minimal cost to the Uninsured Employers' Fund due to an increase in workers' compensation claims costs.

LOCAL GOVERNMENT IMPACT:

Local government would be impacted to the same extent as State agencies.
